Attention: Jock Brannigan

Dear Jock

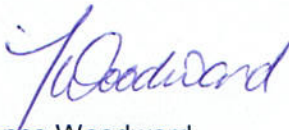

I am writing to thank you for your work with Thorn Lighting (NZ) Ltd on last year's Bayer Growers Stadium. The floodlighting project required input from a diverse range of professionals and their efforts have resulted in a stadium that is a valuable asset for the local community.

Earlier this month Bayer Growers Stadium floodlighting was recognized by the New Zealand lighting industry with an IES Lighting Design Award Commendation. It's unusual for a stadium to win a lighting award and the judges admired the way Laurie Cook's design balanced the limitations of budgetary and environmental concerns with the demand for an excellent quality of light.

I would like to acknowledge the high standards and professionalism of your company combined with a quality product and our dedicated staff, that has resulted in winning this award.

I take this opportunity to extend my congratulations to all those involved.

Yours sincerely

Lance Woodward
General Manager
